

## Simple Finance – Are you an early adopter?

At ICE, we constantly innovate to anticipate future challenges to our customers:

1. Our basis Consultants have successfully conducted a full installation of SAP Business Suite powered by SAP HANA with Simple Finance Package add-on.
2. Our consultants have tried the new processes, designing and building up new business process flows based on real customer's needs.
3. From now on, ICE will invest and improve Sandbox testing around this solution with eyes on the future, following SAP's Roadmap to constantly transfer our knowledge and added value to our customers.
